

DSC 2026 EUROPE XR
Driving Simulation & extended Reality Conference & Exhibition

16-18 Sept 2026 | Antibes | France

CALL FOR PRODUCT SOLUTION PAPERS

DSC 2026 EUROPE XR

DRIVING SIMULATION & EXTENDED REALITY CONFERENCE & EXHIBITION

The DSC Conference gathers driving simulation specialists from the industrial and academic communities as well as commercial simulation providers. This 25th edition follows that of 2025, held in Stuttgart, in an only onsite version with 250+ participants on site and 35+ exhibitors. Participants came from all around the world from more than 20 different countries of Europe, America and Asia.

This year's edition will be held in Antibes from September 16th to 18th, 2026. Topics will include state of the art in driving simulation technology, research and developments, extended with XR and AI developments.

This year's program will also give an enlarged place for simulation tools for autonomous and connected vehicles along with advanced driving assistance system (ADAS) applications. Human factors and motion rendering nevertheless will remain the now traditional axis of the conference as well as XR based simulation technologies.

You are welcome to the DSC 2026 Europe XR Conference organized by the Driving Simulation Association, Arts et Métiers Institute of Technology and the Gustave Eiffel University, with the support of Renault, SIA and Laval Virtual, on September 16th-18th !

IMPORTANT DATES

Call for Product Solution Papers	1 October 2025
Product Solution Papers' submission	15 April 2026
Registration opening	15 May 2026
Final acceptance notification	1 June 2026
Final paper due	15 July 2026
Early bird registration deadline	31 July 2026
Conference dates	16-18 Sep. 2026

TOPICS & THEMATIC

- ADAS, Autonomous & Connected Vehicles
- AI for driving simulation
- Car HMI solutions
- Driving Simulation Visualization Systems
- Driver & Vehicle safety and cybersecurity
- Extended Reality for Driving Simulation
- High-Performance Computing & Massive Simulation
- Innovative product solutions in connected areas
- Motion Cueing, Control & Cybersickness
- Multimodal Mobility for ground transportation
- Perception, decision making and Human Factors
- Scenario Modeling and Authoring Tools
- Simulation Design and Architecture
- Standardization & Product Interfaces
- Terrain & traffic generation
- Training simulators
- Virtual Prototyping
- Vehicle Dynamics

PAPER SUBMISSION

Please send a 4-pages submission proposal by April 15th, 2026, for DSC TC reviewing. Detailed information about submission procedure and review process are available on the conference website:

<https://dsc2026.org/guidelines-for-authors/>

dsc2026.org/review-process

PUBLICATION & PRESENTATION

Final accepted papers will be presented at a parallel industrial session – 20 minutes including Q/A – and published in the DSC Europe 2025 VR Production Solutions Book available for all conference attendees.

ORGANIZING COMMITTEE

Andras Kemeny, *Conference Chair*

Florent Colombet, *Program Co-Chair*

Jean-Rémy Chardonnet, *Program Co-Chair*

Driving Simulation Association, Renault, ASAM Renault, Driving Simulation Association

ENSAM, Driving Simulation Association

TECHNICAL COMMITTEE

Chairwoman

Luz Amanda Garcia EBUSCO (Netherlands)

Technical Committee members

Omar Ahmad NADS (United States)
Florent Colombet Renault (France)
David Defianas Stellantis (France)
Marius Dupuis ASAM (Germany)
Andras Kemeny Driving Simulation Association (France)

Martin Peller BMW (Germany)
Stéphane Régnier Renault (France)
Martin Sevenich Continental (Germany)
Georg Stettinger Infineon (Austria)
Sebastian Wagner BMW (Germany)
