## DSC 2026 Europe XR – Exhibition information

### About DSC 2026

The DSC 2026 Europe organizing committee is offering you the opportunity to demonstrate your products and services during this conference. With the right mix of science and industry, you have the opportunity to meet and discuss with representatives of the world's leading car manufacturers and suppliers in a friendly environment.

### Why exhibit at DSC 2026?

We are committed to bringing you the best opportunity to meet and network with many **customers, prospects and partners** in the field of driving simulation.

**Authors, keynote speakers and delegates** are attending this conference with the common aim of hearing about the latest developments in the field and will be keen to learn about your technology and services. The conference is expected to attract more than **400 attendees**, which will ensure that the event has the buzz you need to generate interest in your products.

### Your Exhibitor's package includes:

- One attendee pass
- One stand, with electricity
- One table, two chairs
- Distribution of a brochure or advertising material of the exhibitor in the attendee's pack is available on request

**Deadline for exhibitors registration: July 31st, 2026**

### 3 booth formats

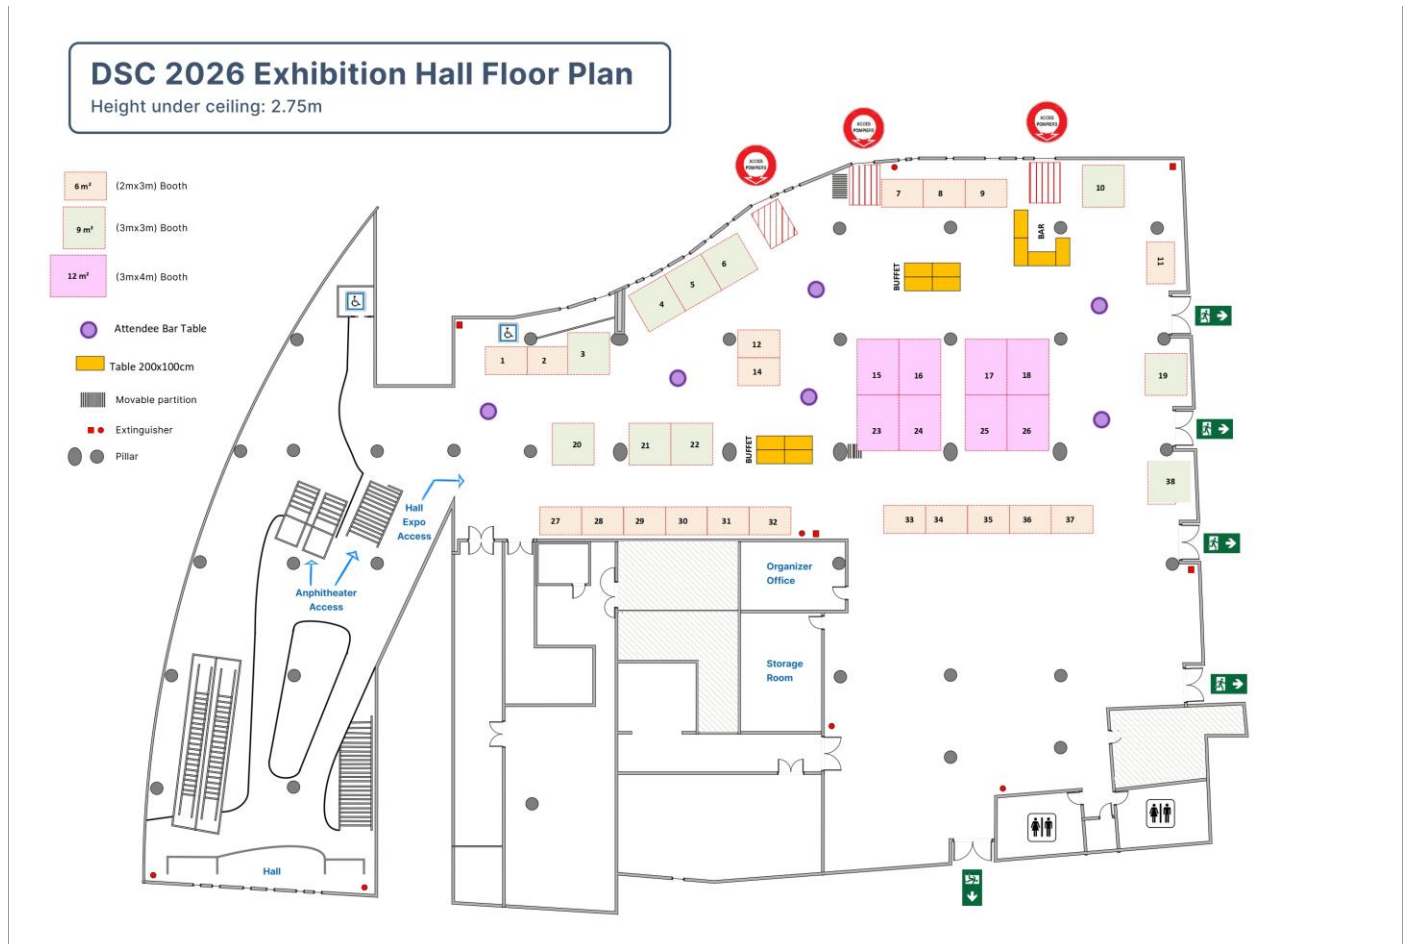

- 6 m<sup>2</sup> - 3 m x 2 m
- 9 m<sup>2</sup> - 3 m x 3 m
- 12 m<sup>2</sup> - 3 m x 4 m

**38 spaces available in total**

## Floor plan

The exhibition floor plan can be downloaded on <http://dsc2026.org/exhibit/guidelines-for-exhibitors/>

## Booking terms & conditions

**Please read these terms and conditions carefully.**

After validating your registration form, you will be issued a quotation within a few days. After your validation of this quotation, you will be issued the final invoice. The reservation is confirmed after payment of a 20% deposit (or full payment).

Payment term is 30 days and has to be done by credit card or by bank wire transfer.

Exhibitors are responsible for the delivery, set-up, maintenance, dismantling, insurance and security of their own exhibition stand at the conference. Exhibitors are also responsible for ensuring the arrival of any materials sent by courier or mail.

## Booth fees

Size	Before June 30 <sup>th</sup> 2026	After June 30 <sup>th</sup> 2026
6 m <sup>2</sup>	€ 3,150.00 <b>€ 2,850.00 *</b>	€ 3,750.00 <b>€ 3,350.00 *</b>
9 m <sup>2</sup>	€ 4,350.00 <b>€ 3,950.00 *</b>	€ 5,350.00 <b>€ 4,900.00 *</b>
12 m <sup>2</sup>	€ 5,450.00 <b>€ 5,000.00 *</b>	€ 6,550.00 <b>€ 5,950.00 *</b>

*\* Discount for Driving Simulation Association Members and for startups (<5 years old, <20 employees)*

**Exhibitor's benefit from a special fee of €450 for the attendee passes.**

*Please note that all our prices are excluding VAT.*

## Cancellation policy

- If you wish to cancel your booking before July 31<sup>st</sup> 2026, there will be a 50% refund.
- If you wish to cancel your booking after July 31<sup>st</sup> 2026, there will be no refund.
- If you pay after the deadline (July 31<sup>st</sup> 2026), the price will increase of 20%.

# GENERAL INFORMATIONS

## CONTACTS

### Organization team

DSC 2026 Exhibition Contact  
Phone: +33 (0) 6 83 71 91 19  
E-mail: [exhibition@dsc2026.org](mailto:exhibition@dsc2026.org)

### Contact on-site

Véronique LEFRANC – Customer service manager  
Phone: 00.33.4.22.10.60.24  
E-mail: [vlefranc@antipolis-events.com](mailto:vlefranc@antipolis-events.com)

### Technical Manager on-site

Patrice GATTI – Stage Manager  
Phone: 04.22.10.60.22  
E-mail: [pgatti@antipolis-events.com](mailto:pgatti@antipolis-events.com)

Servane DEMILLY – Project Manager  
Phone: +33 (0)6 24 91 49 97  
E-mail: [sdemilly@antipolis-events.com](mailto:sdemilly@antipolis-events.com)

## ACCESS TO THE PALAIS

- Airport : Aéroport Nice Côte d'Azur

*BY TRAIN : Free Tramway (1 stop from terminal 1 – 2 stops from terminal 2) to go to « Saint-Augustin » Train Station – direction Cannes > Stop Juan-les-Pins Train Station – 8 minutes by walk to Convention Center*

*BY BUS: Express Line 82/250 (every 45 minutes) or 620/200 (every 20 minutes) – Bus stop: La Régence – 10 minutes' walk to the Palais des Congrès*

- SNCF Train Station : Antibes (Served by the TGV from Paris) and Juan-les-Pins (Regional train TER, 7 minutes' walk)
- Road access : Highway A8 from Aix-en-Provence and Italy, exit 44

## PARKING

**It is strictly forbidden to park at the back of the Palais des Congrès, except when unloading.**

Parking lots in the immediate vicinity of the Palais des Congrès:

- Underground parking at the Palais des Congrès (level -1) – Managed by the company QPARK,

**You want to reserve parking spaces for your participants?**

Q-Park customer service is available to assist you:

- Email: [partenariat@q-park.fr](mailto:partenariat@q-park.fr)
- Phone: 09 86 86 86 90

A discounted rate of €22 for 24 hours is available via the following link:

<https://www.q-park.fr/fr-fr/villes/antibes/antipolis-palais-des-congres/>

- AC Marriott Hotel parking (across from the Palais des Congrès),
- Garden Beach Hotel parking (150 meters walk).

## ACCESS PLAN

## EXHIBITORS UNLOADING

FOR UNLOADING ONLY, access to the Palais des Congrès can be made via the fireman way (at the back of the Palais) which give you a direct access to the freight elevator in case of large volume unloading (See attached plan below).

For people with lighter materials, access to the Palais can be made per the main entrance. Trolleys are available.

The basement (level -1) is reserved for the caterer.

## HOURS

Installation period	Wednesday, 16th September 2026 From 12:00pm to 6:00pm
Exhibition opening period	Thursday, 17 <sup>th</sup> September 2026, from 8:30am to 7:30pm Friday, 18 <sup>th</sup> September 2026, 8:30am to 4:00pm
Breakdown period	Friday, 18 <sup>th</sup> September 2026, From 4:00pm to 7:30pm

## DELIVERY ON STAND - **IMPORTANT INFORMATION**S

The Palais des Congrès is able to accept deliveries from 14/09/2026.

Hours: 9:00am-12:30pm / 1:30pm-5:00pm

All deliveries must be clearly marked with all the information asked on the attached document (to print and to stick on each package).

Without those information, and before the authorized delivery date, the Palais des Congrès reserves the right to refuse deliveries and their storage.

Delivery is made under the responsibility of the exhibitor; the Palais des Congrès d'Antibes Juan les Pins cannot be responsive in any way.

Access to the Palais via the main entrance.

For delivery of bulky objects: please contact the coordination – 00 33 4 22 10 60 48/49.

## **PACKAGE RETURN AFTER THE CONGRESS – IMPORTANT**

The packages must be perfectly repackaged with the carrier's return form affixed to each package; parcels must be collected on the day of the disassembly before 5:00 p.m.

Pick-up times: 9:00 a.m. to 12:30 p.m. / 1:30 p.m. to 5:00 p.m. (Monday to Friday).

**DSC 2026 EUROPE XR**  
Driving Simulation extended Reality Conference & Exhibition

16-18 Sept 2026 | Antibes, France

**The Palais des Congrès also reserves the right to have any objects left by exhibitors at the end of the event removed and transported to public dumps, and will invoice the exhibitor for bulky waste left on site (price from €180 excl VAT).**

# NOTES

## Securing of stands

Please be advised to never leave the stand unattended during assembly and disassembly of installations. Valuable objects should be kept in a locked compartment.

## Cleaning of stands

General cleaning of exhibit hall aisles is carried out every morning by the Palais des Congrès.

To request individual cleaning of stands: work order attached on page 17.

## Insurance

The organizer takes responsibility for global insurance for the exhibition, concerning civil responsibility and fire. It is the responsibility of each exhibitor to take out the additional insurance they deem necessary.

Neither the organizer nor the Palais des Congrès d'Antibes Juan-les-Pins can be held responsible for theft and damage to personal goods belonging to the exhibitors, neither during visit hours nor during the stand installation and breakdown periods.

## Safety regulations

The exhibitor is required to strictly comply with safety regulations and with those specific to the event (see exhibition regulations p. 15-17). The safety specifications absolutely must be signed, initialled and returned along with your work orders to validate your installation request.

# INFORMATIONS ABOUT THE STAND

## DESCRIPTION OF BASIC STAND

Floor	Grey tile (optional carpet*)
Electricity	Power: 1kW electrical box
Furniture	One 180x80cm rectangular table and 2 chairs in white polypropylene <i>Catalogue upon request</i>

\*to book in advance with the organization

## DESCRIPTION OF THE EQUIPPED STAND\*

Floor	Grey tile (carpet in option)
Structure	Dark grey laquered aluminium frame Height of the structure : 2,40 m
Sign	Standardized format (40x30(H)cm), front/back. Maximum 20 characters (Including spaces). One sign per stand.
Electricity	Track lighting featuring LED : 1 track per stand 6 or 9 sqm. Service box with differential circuit breaker 30mA and 3 outlets Power: 1-3kW
Furniture	One 180x80cm rectangular table and 2 chairs in white polypropylene <i>Catalogue upon request</i>

\*to book in advance with the organization (80,00 € / m<sup>2</sup>)

# ADDITIONS\*

To return before Saturday, 25<sup>th</sup> July 2026

### Carpet color

Please, precise us the color wanted for your carpet on stand:.....

**WARNING – This document (4 pages) must be returned signed and initialed.**

## SAFETY REGULATIONS

### Exhibition safety specifications

#### 1. INSTALLATIONS AND DECOR

The exhibitor must respect all measures set forth by the general provisions and the Nov. 18, 1987 decree concerning exhibit halls.

Monitoring the execution of the measures in the aforementioned text is the responsibility of the exhibitor as well as the organizer.

They must be in contact with the safety manager for proper application of these texts. In the case of a serious infraction, corrective measures that could be taken include removing the material exhibited from the premises, or the ending of the show, with the exhibitor being unable to claim any indemnity nor be freed from their obligation to pay the rent.

The exhibitor is especially obligated to ensure easy access at all times to the exit doors, emergency exits, and smoke evacuation devices (fire extinguishers and fire hose cabinets).

Fireproofing of installations must be performed by a qualified company, who also provide a seal of approval from an authorized organization. Each stand manager must provide the safety commission with the fire reaction certificate for materials used for installations or decor.

Certificates issued by foreign countries can be considered in the framework of ISO standards. Additionally, foreign exhibitors using materials imported from their own country which have not been tested in France must submit, at least 2 months before the event, samples of these materials to authorized laboratories who will produce certificates conforming to the standards set forth by current French regulations.

Materials used for installation and stand decor are regulated. The following is the French classification:

M 0 = non-combustible

M 1 = non-flammable

M 2 = low flammability

M 3 = moderate flammability

M 4 = high flammability

The following materials are authorized:

- Materials with a fire reactivity classification after being tested in an authorized French laboratory (LCPP, CSTB, LNE, SNPE, LCRB or INERIS) and accompanied by an official report (Procès-Verbal) issued by the laboratory (official report to be requested from your supplier)
- Materials with conventional classification: M 0 = metal, glass... M 3 = wood and wood by-products (solid wood, plywood, slatted wood, particles and fibres) with a thickness greater than or equal to 18 mm

**ATTENTION!** The official reports (Procès-Verbaux) specifying in which conditions of use the classification is valid:

- On the floor, on walls, on the ceiling...
- Free-standing, hung, attached...
- on support: uninsulated M 0, wood with a thickness greater than 19 mm...
- Framework, wainscoting and carpeting of stands must be made of material with a minimum classification of M3.
- Wall-hangings and stretched fabric must have a minimum classification of M2.
- Signs, bulletins, posters and banners affixed to the walls, whose total surface area is less than 20% of the

wall surface of the stand, can be used without a fire-reactivity requirement.

- Loose signs, bulletins, posters and banners whose surface area is greater than 0.5 m<sup>2</sup>, garlands, vellums and plastic materials should have a minimum classification of M 1 (or be completely attached to supports with a minimum classification of M1).

Fabric covering horizontal tables, trestles and display cases must have a minimum classification of M 1. Fire-reactivity and fire-proofing certificates must be supplied by the exhibitor during stand assembly at the latest.

Artificial or dried plants are authorized in limited quantities.

Stands must be built on only one level (except for layouts to be submitted to the organizer). The exhibitor is obligated to respect the floor dimensions of their stand and not encroach upon the aisles, required open space and emergency exits.

Signs bearing both green and white writing together are prohibited.

Lasers: Any exhibitor using a laser at their stand is required to inform the technical department at the Palais des Congrès (M. Patrice Gatti) 2 months before the event.

The Palais des Congrès reserves the absolute right to remove any dangerous or unsanitary material, or material emitting disagreeable, harmful or irritating odours, as well as any installations likely to harm the general environment.

The Organizer and exhibitor will take the exhibition surfaces in the condition they were found to be in from the time they start being used and will return them at the time agreed upon, in the same condition.

The Palais des Congrès does not have premises available for storing empty packaging during the exhibition period.

Those which must be imported gradually by the exhibitors and the organizers, who are responsible concerning proper security.

## 2- EMERGENCY SIGNS, EQUIPMENT AND EXITS

- a- Emergency equipment (extinguishers) must remain visible and accessible.
- b- Structures and additional decor must not conceal writing that indicates exits or evacuation routes (exit, emergency exit).

## 3 - COMBUSTIBLE MATERIALS

Storage of wood, paper, cardboard and miscellaneous packaging is prohibited in the exhibition space. The use of combustible gas is prohibited and the use of flammable liquids is regulated (please contact us).

## 4 - PROTECTION OF THE PUBLIC

All presentations and demonstrations are performed under the full responsibility of the exhibitor. Dangerous elements and notably: moving systems, hot, pointy or sharp surfaces must be:

- Either protected by a screen or a rigid, firmly fixed, well-adapted housing,
- Or set back at least 1 meter away from foot traffic.

## 5 - ELECTRICAL INSTALLATION

The exhibitor is responsible for electrical installation, except for the electrical control panel delivered to their stand.

It is prohibited to modify the technical characteristics of the aforementioned panel (location, circuit breaker, fuses, etc.).

The exhibitor is obligated to respect the safety rules detailed in the official texts, notably:

- a) the electrical control panel must be accessible at all times.
- b) it is prohibited to use:
  - isolated cables for voltage lower than 500 volts, which notably prohibits the HOVHII cable (scindex),
  - splicers (cables must be correctly attached),
  - connections not protected by "plexo" type branch circuit boxes,
  - power strips; the only authorized power strips are those with a cord,
  - discharge lamps not compliant with standard NFC 15150.
- c) It is recommended to use double isolation Class II (two) material, symbol: 
 Devices from Class I (one), symbol  must be grounded.
- d) Halogen projectors must be:
  - positioned at a maximum height of 2.25 m
  - firmly attached in horizontal position,
  - far away from all flammable materials,
  - equipped with glass safety screens or an equivalent material (metal grills are not authorized),
  - fed by conductive cables of 1.5 mm<sup>2</sup> allowing the terminal of the device to be linked to the ground conductor on the stand delivery box. 
- e) String lighting
  - must be composed of non-flame propagator cables (category C2)
  - their sockets must be fused to the conductors that feed them,
  - the power indicated for light bulbs must be respected (15 W max).
- f) Coils: supply cables must be completely unwound.
- g) Outside of the event opening hours, power at stands must be shut off.  
 For any additional information, you can contact the organizer, who can carry out an inspection of the installations before the opening and during the event  
*Any installations that are found to be non-compliant with current regulations and standards must be brought into compliance by the exhibitor before the event opening.*

*This information includes the primary rules to respect but is not an exhaustive presentation of the rules. If you have a question or need additional information, please contact the convention center.*

## REGULATIONS FOR STAND ACCESSIBILITY FOR PEOPLE WITH DISABILITIES (Excerpts from the decree of August 1, 2006)

### RECEPTION OF THE PUBLIC

Counters, reception desks and service windows: the height of at least one of the counters, desks or service windows must be accessible to people with reduced mobility, meaning a maximum height of 0.80 m. Furthermore, to allow passage of the feet and knees of someone in a wheelchair, the reception counter must have an empty space in the lower portion measuring less than 0.30 deep, 0.60 m long and 0.70 m high.

### STAND RAISED BY A FLOOR

When it cannot be avoided, a slight difference in level can be resolved by a curved projection or can be supplied with a bevelled edge whose height is less than or equal to 2 cm. This height can reach 4 cm if the projection includes at any point a slope not exceeding 33%.

Any stand equipped with a floor higher than 4 cm on which the public is invited must be outfitted with an access ramp.

This ramp must be fully integrated into the stand (so it does not encroach upon the traffic aisle), and should be 0.90 m long with a slope:

- of 8% if it is < 2 m long
- or 12% if it is less than 0.50 m long.

### VISUALLY IMPAIRED

The quality of lighting, artificial or natural, of traffic must be such that all walkways are lit without creating visual difficulty. The areas of the walkways that could cause a loss of balance for people with disabilities must be lit with reinforced lighting or with contrasting markings (yellow and black strip, plant...)

Information must be visible, legible and understandable by people with disabilities. Information supports must contrast with their immediate environment.

Information placed on these supports must have a high contrast with the background, and the written characters must have a minimum height of 15 mm for signs and information related to orientation, and 4.5 mm otherwise.

Green and white writing together is prohibited, as it is reserved for fire safety signage.

### INSPECTION

The subcommission for accessibility for persons with disabilities will inspect the compliance of the stands before the event is open to the public.

### INSURANCE

The organizer, the natural and legal persons who represent him are obligated to ensure:

- "All risk, including theft," all goods which are brought to Centre des Congrès, for a show, an exhibition, a convention, etc.... from the time they arrive to the time they leave. This insurance must also cover the goods while they are transported, handled, mounted and dismantled by the personnel at Palais des Congrès or with the help of equipment and resources belonging to Palais des Congrès.

Regardless of the cause or nature of possible damage of these goods, the Organizer, the natural and legal persons who represent him must include mention of this waiver of recourse.

- "In public liability" for damage to third parties during the duration of their time on the premises of the Palais des Congrès.
